STATINTL

Dear Allen:

I want you to know that we fully appreciated your recent detail of [redacted] to the Department to survey Secretariat Message Center procedures and to take a fresh look with us at our guide-lines for distribution of cables to your Agency.

STATINTL

[redacted] approach was direct and constructive. His suggestions for improvements in our Message Center procedures are being implemented. He has provided the Secretariat with a fuller understanding of CIA's cable requirements and how we can better meet them. I believe his detail here has been mutually advantageous to both State and CIA.

Faithfully,

W. B. Smith

The Honorable
Allen W. Dulles,
Director, Central Intelligence Agency,
